To Whom It May Concern,

I am writing to highly recommend Gabriella Sparacio for a teaching position at your school. During the Fall 2024 semester, I had the privilege of serving as her cooperating teacher while she completed one placement of her student teaching in my 3rd grade ICT classroom. Gabriella consistently demonstrated the skills, professionalism, and passion for teaching that make her an outstanding candidate for any school.

From the very beginning, Gabriella impressed me with her ability to build meaningful relationships with our students. She approached each child with warmth, respect, and genuine care, fostering a supportive environment where every student felt valued and capable of success. Her ability to connect with students, especially those with diverse learning needs, was truly remarkable.

Gabriella was also exceptional in her collaborative lesson planning. She brought creative ideas to our planning sessions and worked diligently to design lessons that were engaging, differentiated, and aligned with our students' IEP goals. I watched her teaching practices grow, and by the end of her time with us, she was leading lessons with confidence, precision, and enthusiasm. One skill she consistently excelled at was her ability to adapt instruction in real-time to meet students' needs.

In addition to her outstanding teaching skills, Gabriella's professionalism and work ethic stood out. She approached each day with a positive attitude and a willingness to learn. Her organizational skills, reflective practices, and dedication to continuous improvement will undoubtedly make her a valuable asset to any school community.

It was a pleasure to work alongside Gabriella and witness her growth as an educator. I have no doubt that she will make a significant impact on the lives of her future students. Any school would be fortunate to have her as a member of their team.
